

Even fans don't want it

I am a fan of Supercars and both rugby codes, but WA should not be spending millions on either.

We have a useful racetrack in Wanneroo, and I suspect that the V8 Supercars may well be coming to an end in the not too distant future.

To spoil Burswood Park with bitumen is appalling. Propping up a second-rate Eastern States rugby club with millions of dollars will also be a failure.

A large part of the WA population are against both, but Roger Rugby and Rita Racetrack are not listening.

Use the money to pay down the ballooning WA deficit.

Selwyn Beesley, Wannanup
