

Familiar noise awaits

I note with curiosity that the Premier and his wife have pulled up sticks from their home in Wellard to move into West Perth. I wonder if they will miss the noise from the Kwinana Motorplex?

Lucky thing is, he will still hear the races from Rita's Raceway in Burswood.

Or did they want to move away from traffic gridlock on the main roads that will be increased by the construction of the new gas power station next door in Kwinana?
