

## Track opposition grows

Late on Tuesday the City of South Perth voted unanimously to oppose the proposed Burswood V8 Supercars racetrack, joining the City of Victoria Park, the City of Perth, the WA Liberals, the WA Greens, the Federal Member for Perth and Assistant Minister to the Prime Minister, the overwhelming majority of nearby residents, and people throughout the State who are not happy with the Cook Government's priorities. The rebrand to Perth Park and the latest artist impression showing a slender, green, tree-fringed trail has not fooled anybody. Make our Christmas, Roger and Rita — concede defeat and axe the track.

We won't forget, but we may forgive you before the next election.

**Susanne Roberts, East Perth**
