

Buggies had been the go

John Rice mentions in his letter “Fun for everyone” (28/4) that golfers could have a golf buggy bash at the new Burswood racetrack. Old news, as we used to have those golf buggy experiences before the stadium was built. What a pity the Government didn’t have a public census on to either resurrect nine holes of the old golf course or have the racetrack.

With golf courses being overbooked since COVID and a very suitable racetrack at Wanneroo, I know what would get my vote.
