

SAVE BURSWOOD PARK ALLIANCE

UPDATES AND PLANS

The Save Burswood Park Alliance committee want to update all our members on our current activities and plans

- We spent 4 days at the recent farcical drop in sessions handing out flyers and encouraging the community to voice their opposition to Rita the Concreter's plans for the Burswood Motorplex.
- Our parliamentary petition has gone before the Committee for Environment and Public Affairs. They are publishing our 2 page submission (all we were allowed to do) on their website and the Minister will be asked for a response. Depending on her response the Committee will take the next steps towards a public inquiry (hopefully). We just have to let this process work through.
- We are meeting with a number of key figures from all political parties in the hope of putting enough pressure on the government to recognize the foolishness the motorplex proposal.
- We are working with financial experts to assist opposition parties to ask telling questions in the budget estimates sessions of parliament- coming up in 2 weeks.
- We are working with the Greens to submit a third party referral to the Environmental Protection Authority to investigate the environmental impact of the Burswood Park project.
- We are working with the Whadjuk Aboriginal Corporation to oppose this project using all legal means possible (given that we do not have funds for a full legal challenge).
- We have been contacted by a number of community members who have expert knowledge and skills and they are pursuing other avenues of concern which must be considered confidential at this point in time.
- We are planning a 'Town Hall' type meeting so community members will be able to hear from the experts and give voice to their concerns!
- We are contacting media about our concerns at every opportunity.

DON'T GIVE UP HOPE – KEEP FIGHTING AND WE WILL WIN!
