

Ferries just for tourists

Rita Saffioti has dismissed concerns about the Matilda Bay Terminal as scaremongering.

I have never commented before, but I'm sick and tired of this arrogant Government railroading its agenda despite legitimate concerns.

Matilda Bay is a wonderful space for families, picnics, rowing clubs, sailing for the disabled and much more.

There is an alternative. No one is going to use the ferries except tourists.

By the way, scrap the racetrack!
