Daily we read Premier Roger Cook and ministers are working on fixing our hospital, ambulance, police, housing, road death and homeless problems.

But we have been hearing this for a long time now and it's still only talk. When will Mr Cook and Treasurer Rita Saffioti stop spending money on projects that the majority

of WA people don't want — an NRL team, racetrack and the Metronet budget blowouts. These only suit a small group of Perth residents.

Our hospital problems, a lack of police officers, housing shortage and ambulance ramping affect all West Australians.
